JOINT ICA
SYMPOSIUM

Dresden University of Technology, August 23, 2013

Event organized within the activities before the **26th International Cartographic Conference** of the **International Cartographic Association (ICA)** to be held in Dresden, August 25-31, 2013, and counting with the participation of the ICA Commissions on:

- Cartography and Children,
- Education and Training,
- Maps and Graphics for Blind and Partially Sighted People and
- Planetary Cartography

The Dresden University of Technology together with the ICA Commissions listed above have the pleasure to invite all interested colleagues to participate in this Joint Symposium. The main aim of the symposium – as expressed by the title – is to give an opportunity to the members of the four Commissions (and participants in general) to share and learn about the results of latest and most representative research developed in the topics covered by our Commissions during the last years.

This will be a one-day programme divided into four sessions, each of them dedicated to a participating Commission. Organizer commissions welcome paper submissions to be presented at any of the four planned thematic sessions. All submitted papers will be published in the CD Proceedings of this event. Due to the shortage of time, only four papers will be presented in each session. The selection of papers to be presented orally will be made by the corresponding Chairperson of the participant Commission. The authors (presenters) will be notified separately.

It is an important condition that only those papers will be accepted which will not be orally presented or will only be presented as posters in the 26th International Cartographic Conference in Dresden.

Deadline for the submission of full papers: ~~April 26~~ **May 6**

Notification of authors: ~~May 15~~ **May 24**

Colleagues can find the detailed guidelines for the full papers in the doc file annexed to this Call (the same template file is used for submissions to ICC 2013). Papers will be published in the Proceedings without any posterior grammatical revision. Authors assume full responsibility for the content and proper use of the English language in their submissions.

The participation in this workshop is **free**, but subject to registration. Please send back filled the annexed registration form together with your submission by ~~April 26~~ **May 6** latest. If you intend only to participate without sending a paper, please send the filled registration form before ~~June 1~~ **June 15**. Participants should organize and pay their accommodation separately.

Please send your submission and/or registration form to Dr. José Jesús Reyes Nunez: jesus@ludens.elte.hu, jesus@map.elte.hu
